

MPS SITE MONITOR 6000

EXTREME MONITORING

The SITE MONITOR 6000 offers the best of the MPS Power Sentry and Defense System, the high quality imagery of the three fixed dome 2MP 108°, ultra low light, IR lit, cameras have a total wide 270° video viewing area.

The 2MP IR lit PTZ camera allows the user to zoom in and see crystal clear imagery even at great distances and in total darkness. All video is recorded locally and accessible remotely using a World Class VMS system.

This system is a part of the Smart Series and includes the Defense System incorporating three PIR motion detectors, three law enforcement quality super bright strobe lights, two intense side lights that light up the area, and the arm/ disarm functionality. To add to the defense of your site, a loud siren can be used along with two way audio system with the ability to both talk and hear at the remote site. You can remotely control all the functionality of the system and receive robust notifications of alarm and functionality events.

The system easily mounts on existing poles with 120vac to 277vac constant power. A 35AH back up battery provides up to 12 hours of operation without a power source. The system operates wirelessly 24/7 via cellular or WiFi accessible from anywhere.

FEATURES

- 2 IR Illuminators W/ 120° Dispersion
- PTZ Camera 20X 1080P
.02 LUX 200M IR
- (3) Dome Cameras
Ultra Low Light Compact 1080P
- Miniature WIN10 H OS Computer
25W 2 GIG
- LED Strobe Light Kit
- 2 High Intensity LED Light Bar W/Electronics
- Alarm Status LED Tri color light
- Multi tone Alarm Sounder
- Configured for constant power operation
- Cradlepoint Router with Cellular Modem and antennas
- Receive emails/SMS alerts
- Remote Video Access
- Control your system remotely turn on lights and reset the system.
- MP Status provides the ability to see all of the critical information about your device, remotely control activities, and be notified of any abnormalities.
